

—

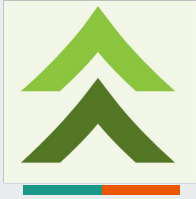

What is it?

- Ridesharing app with competitive dynamic pricing
- Dedicates a portion of each transaction to planting trees
- Enables a carbon negative service

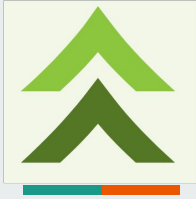

Benefits

- Easy way to earn money with direct positive impact for drivers
- Competitive price for riders
- Secure personal information
- Reduced emissions

How is Freshride saving the environment?

- Plant a tree with every ride
 - Or donate to another organization of your choice
- 10 million hectares of deforestation worldwide per year
- Success story: Ecosia has planted > 100 million trees in its lifetime

Mission

Choose Freshride
Choose Nature
Choose your Cause

We are committed to
minimizing our environmental
footprint, protecting and
replenishing our Earth, and
inspiring others to do the same
